FEEDING DIRECTIONS:

Feed this supplement at the rate of 1 to 3 pounds per head per day to heifers. This supplement should be mixed with grain and forages.

CAUTION:

Store in a dry, well-ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness, performance loss or death.

This product was made in a feed manufacturing facility that does not handle or store products containing animal proteins prohibited in ruminant feed.

IMPORTANT:

Follow these management practices:

1. Provide a source of fresh, clean water at all times.
2. To ensure freshness, offer only the amount of feed recommended.
3. Clean feeder pails and/or feeders daily.
4. When calves are housed in groups after weaning, provide adequate feeding space.
5. When making a ration change, allow 7 to 10 days for animals to adjust to the new ration.
