

PURINA® RANGELAND® 30-13 TUB

Specie: Beef

Type of Feed: Supplement

Form of Feed: Tub

General Description: RangeLand® Protein Tubs are a free choice supplement designed for beef cattle on forage diets providing less than 8% protein. The low moisture, cooked molasses products in a non-returnable plastic container will enhance intake and utilization of available forages, while reducing labor for producers.

PURINA® RANGELAND® 30-13 TUB

SUPPLEMENT FEED FOR CATTLE ON PASTURE

CAUTION: USE ONLY AS DIRECTED

GUARANTEED ANALYSIS

Crude Protein, (Min)	30.00 %
(This includes not more than 13.00% equivalent protein from non-protein nitrogen).	
Crude Fat, (Min)	5.00 %
Crude Fiber, (Max)	2.50 %
Calcium (Ca), (Min)	2.00 %
Phosphorus (P), (Min)	1.50 %
Magnesium (Mg), (Min)	1.00 %
Potassium (K), (Min)	3.00 %
Manganese (Mn), ppm (Min)	450
Cobalt (Co), ppm (Min)	10
Copper (Cu), ppm (Min)	300
Selenium (Se), ppm (Min)	5
Zinc (Zn), ppm (Min)	1000
Vitamin A, I.U./lb, (Min)	80,000
Vitamin D, I.U./lb, (Min)	10,000
Vitamin E, I.U./lb, (Min)	50

IMPORTANT:

Consumption rate depends on location of the tubs with respect to loafing, grazing, feeding and/or watering areas. Also consider animal condition, forage quality and quantity and seasonal weather conditions. If over-consumption occurs for more than two weeks despite tub repositions, remove tubs and evaluate the overall feeding program.

CAUTION:

Store in a dry, well-ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness, performance loss or death.

FEEDING DIRECTIONS:

Feed one tub per 20-25 head of cattle and at least 2 tubs per pasture to ensure adequate intake by younger, timid animals. Place the tubs within 100 feet of where animals congregate (loafing, grazing, feeding and watering areas). Feed tubs continuously along with plentiful sources of forage and fresh, clean water. Cattle will consume approximately 1/2 to 1 pound of this supplement per head daily. If additional mineral and vitamin fortification is needed, provide a nutritionally balanced mineral/vitamin supplement containing salt. This product does not contain added salt; therefore supplemental salt should be offered at all times.

MANAGEMENT TOOL NOTE: Placement of tubs can influence grazing distribution in large pasture situations. Place tubs in areas of under-utilization in order to entice cattle to specific locations within a pasture.

INTRODUCTORY PERIOD: During the first week of use, place tubs within 100 feet of the loafing and/or watering areas. As animals become accustomed to the presence of the tubs, some repositioning may be necessary. Move the tubs closer to increase consumption, further away to decrease consumption. **DO NOT PROVIDE STARVED ANIMALS FREE ACCESS TO THIS SUPPLEMENT.**
