

# Purina® Equine Supplements

Science-backed supplements for targeted results

Purina® supplements are formulated to provide targeted nutrition for a range of needs, from added fat for extra bloom on the performance horse to a well-balanced vitamin and mineral for the easy keeper on pasture. See how these supplements, made with unique, research-backed blends of ingredients, keep your horse performing their best.

## Amplify®

- Calorically dense to support body condition, endurance and bloom
- 30% fat from rice bran, flax seed and vegetable oils

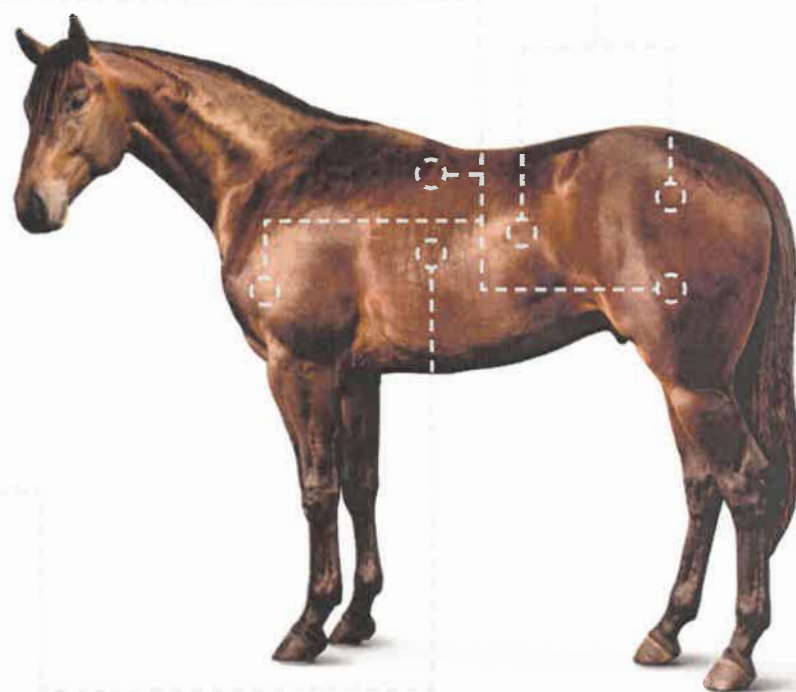

## SuperSport®

- Supports muscle development and increased exercise capacity
- Supports muscle recovery after exercise to help horses bounce back faster

## Outlast®

- Supports gastric health and proper pH for optimal performance
- Flexible feeding either top-dressed or as a snack before stressful events

## Full Body

## Enrich Plus®

- Protein, vitamin and mineral fortification to balance forage without unnecessary calories
- Concentrated, low sugar and starch formula with low 1-2 lbs. feeding rate

## Free Balance® 12:12

- Provides 100% vitamin and mineral fortification to balance a forage only diet
- Weather resistant, stable formula available in loose or block form
