

Show Cattle

Purina® Honor® Show Feed Grand 4-T-Fyer®

Honor® Show Feed Grand 4-T-Fyer® concentrate is a blended supplement that can be mixed with corn, oats, barley and beet pulp to provide a high quality ration for show cattle. This flexible feed allows you to adjust the grain level to fit your goals and needs for breeding cattle, steers and feeder calves.

FEATURE

BENEFIT

Contains Purina® patented Propel® Energy Plus nugget

- This fat-containing, high-energy Propel® Energy Plus nugget is a result of the Purina unique manufacturing process.
- The Propel® Energy Plus nugget provides a higher-energy ration.
- Helps improve daily gain and a rapid deposition of finish.

Includes Animax®

Purina highly palatable protein supplement that helps keep show animals on feed during stressful traveling periods.

Availa® 4

- Balanced combination of zinc, manganese, copper and cobalt.
- Provides critical highly-available minerals that helps immune response which is critical for health traveling show cattle.
- Helps support growth and muscle development – allows cattle to reach their full potential.

Tasco®

Research has shown that TASCOS® helps lower body temperature during heat stress, keeping animals on feed.

Diamond V®

- A true, fully fermented yeast culture developed specifically for optimum animal nutrition.
- Research proven, Diamond V® has a unique ability to support ration digestibility, palatability and intake by delivering a rich, all-natural nutrient source to the animal's digestive bacteria

Contains Cottonseed Hulls

A very palatable roughage source that helps support consistent intakes.

PuriFerm™

A uniquely formulated fungal enzyme ingredient containing both Aspergillus oryzae and Aspergillus niger. Fungal enzymes help in the digestibility of fibrous feedstuffs, thereby helping support growth performance.

FEED GREATNESS®

Guaranteed Analysis:

NUTRIENT	LEVEL
Crude protein, min.....	32.00%
NPN, max	16.00%
Crude fat, min.....	7.00%
Crude fiber, min	27.00%
Calcium (Ca), min	2.50%
Calcium (Ca), max	3.50%
Phosphorous (P), min	0.60%
Salt (NaCl), min.....	1.75%
Salt (NaCl), max.....	2.25%
Vitamin A, min	17,000 IU/lb
Vitamin E, min.....	25 IU/lb

Directions:

Feed as the sole ration to finishing cattle. This feed is designed for Feed at a 20% inclusion rate/per head/per day plus grain and forage.

Important: This product is to be fed only to the animal species as directed on the label.

Follow these management practices:

1. When making a ration change, allow 7-10 days for animals to adjust to the new ration.
2. Provide a source of fresh, clean water at all times.
3. Do not allow fine material to accumulate in feeders.
4. Provide adequate, well-protected and well-managed bunk space for each animal to prevent feed from becoming wet and moldy.
5. When fed from a self-feeder, adjust feeder to minimize quantity of feed accumulating in trough.
6. Cattle should be vaccinated against enterotoxemia.
7. Consult your veterinarian for the recommended health program for your local area. This includes internal and external parasite control.
8. Provide plain salt and Purina® Wind & Rain® All Season mineral free choice.

In groups of cattle, there are certain animals that experience chronic bloat or other digestive disturbances, and consequently are poor performers. In addition, excess feed consumption, severe weather changes resulting in erratic feed consumption and poorly-managed feeding practices can increase the incidence of bloat in all cattle. If bloating does occur, the above management practices should be reviewed.

Caution: Store in a dry area away from insects. Do not feed moldy or insect-infested feed.

High Octane® supplements are specifically designed for livestock show animals. These supplements are part of the Honor® Show lineup of livestock show products.
